## RAILROAD NEWS.

It Looks As If the B. & H. Will Be Completed.

### REPAIRING BRIDGES.

Bedford and Berlin Men Buy Land at Mann's Choice Where New Line Will Intersect Bedford Division.

It looks as if the Bedford and Hollidaysburg railroad will be completed, after all. An agent of Contractor D. F. Keenan stated in Bedford this week that he had gone over the road with the engineers, prepared figures, etc., sent the papers to Philadelphia and expected them to come back "O. K." He predicted that work would be commenced on the road in the near future. This gentleman called at the Metzger hardware store to see about getting some supplies he would need in the construction of the road. Some spikes and shovels were shipped to Oesana on Monday. The company has purchased 3,000 ties. Master Carpenter John H. Schnabli, of the Bedford division, will put the bridges between Oesana and Imber Cross Roads in a safe condition for trains at once. He began work yesterday. As soon as the bridge at Oesana is repaired a work train will be placed on the road by the contractor and the road-bed will be fixed, ties distributed, etc.

Buam is ripe to the effect that the B. & O. people will build a line from Somerset to Mann's Choice and from there, using the P. & R., to Oesana. The purchase of a part of the Major Mullin farm near Mann's Choice this week by John T. Miller, of that place, and S. P. Brubaker, of Berlin, seems to substantiate the report. This land was owned by Dr. Novin Diehl, who received \$4,000 for it. It is situated where the contemplated B. & O. line will intersect the Bedford division. The purchasers are confident that the B. & O. will build this road and it is stated that the money for its construction has already been appropriated.

The fact that nothing has been done to repair the Dunning's Creek branch, which is in bad shape, between Bedford and Oesana and the purchase of the tract of land at Mann's Choice have revived the report that the new line will run from Mann's Choice to Oesana, leaving Bedford out in the cold. A siding will soon be built at Italy, near Fishertown, from which the farmers can ship back lumber, etc.

Fire and Flood Against Him. A despatch from Cumberland to Wednesday's dailies says: Mishaps have trailed in the wake of Senator O'Neil's matrimonial venture. Fire and flood combined against him. When O'Neil was married several weeks ago he and his bride and the bride party came on to a small stream. They were carried 100 yards before they were rescued. He lives near Chambersville, Pa. They unhappily lost the furniture. As he was proceeding homeward on a wagonload of chairs, bedding and other things, including a cow, he stopped to light a cigar. The burning match fell in the oil, ignited it and set the furniture on fire. The animal, nearly as much as the furniture, was consumed. The entire load of furniture was consumed. Both man and wife were severely burned on the hands.

Tried to Take His Own Life. On Friday Calvin Smith, of Harrison township, made an unsuccessful attempt to kill himself. The weapon he used was an old-fashioned rifle. Owing to the length of its barrel this old-time firearm was not adapted to the use he intended to put it and when he pulled the trigger the gun slipped and the contents exploded in the man's face, nearly killing him. Smith was frequently threatened to kill himself and a close watch had been kept on him, but he managed to elude his friends on Friday. His mind is unbalanced. He is about 40 years old and lives with his mother, who is the widow of David Smith.

A Handsome Booklet. The Bedford Springs company is sending out a handsome booklet in which the attractions of our famous resort are set forth. Many beautiful half-tones embellish the pages of the pamphlet. In the centre of the little book there is a picture of all the buildings. Other pages contain a map showing the location of the hotel and interesting information about Bedford mineral waters. Altogether, it is one of the best booklets ever issued by the Springs company.

Another Run-Out. Saturday evening Thomas N. Imier, with his wife and daughter, started from the county seat to go to their home in Bedford township. When near the iron bridge on B's road street a trace slipped off the single tree and frightened the horse. It started to run and soon freed itself from the buggy. When the animal broke loose Mr. Imier was thrown to the ground and badly bruised. The woman remained in the buggy and escaped injury.

Refused to Board of Health, or Sickens. At a time when summer is approaching and Bedford as a health resort ought to be free from the danger of malarial fevers a pond of water is allowed to stand and become stagnant on the north of West Pitt street near the residence of John W. Ruess, Mrs. John D. Horn and others, sufficient to create fever in that part of town. Complaints have been made but nothing has been done.

His First Sermon. Rev. William P. Seill preached last evening at Calvary Presbyterian church on South Oesana street. A large audience heard him. Rev. Mr. Seill is a son of Mrs. Frank R. Seill and attended the Harrisburg academy before going to Williams college. He graduated at Auburn and was licensed to preach at the meeting of the Carlisle Presbytery in this city last week—Harrisburg Telegraph.

Rev. Seill is a grandson of our venerable fellow-townsmen, Hon. William P. Seill.

At Cumberland on Wednesday J. L. Howars and Miss Katie G. Hartscock were united in marriage by Rev. A. H. Zimmerman, pastor of the M. E. church. The groom formerly lived in Cumberland Valley and is field manager for the High Art Portrait Co., Cumberland.

Hints-Roads. At the M. E. parsonage, Bedford, Tuesday afternoon George G. Hinish and Miss Minnie D. Rodgers, of Saxton, were united in marriage by Rev. George Lively.

A Welcome Visitor. A former citizen of Bedford who now lives in Philadelphia on Tuesday wrote us as follows: THE GAZETTE is a welcome visitor to me. Much success to the new management!

A Sacred Duty.  
Our attention has been called to the fact that there are some cemeteries in Bedford county that are sadly neglected by those who have relatives or friends buried in them. The fences are down and cattle and hogs enter the grounds and run over the graves. We hope that the right thinking people of the communities in which the burying grounds are situated will see that they are promptly put in good condition. It is a sacred duty they owe the dead.

Master and Spirit.  
"Dead men are all" is the skeptic's cry. But man is something, too, I make reply. For matter is not, yet awakes surprise. The Spirit is not seen, yet shall not die.

New Paris, New York.

New Paris, April 28.—O. R. Cori has closed out his store to R. R. McKee. J. C. Shurter has returned to Windber, where he is in the employ of the coal company of that place.

Mary Shoenalt, daughter of Mr. and Mrs. Lafayette Shoenalt, left on Saturday for Philadelphia for medical treatment. She was accompanied by her grandmother, Mrs. Mary B. Shoenalt.

H. W. Davis having purchased the house and lot adjoining the Evangelical cemetery, is now the occupant of the same.

Mr. Diehl, the former occupant, moved to the Clear farm west of Rye.

Jacob Bowers is now a citizen of our village, occupying the William Crisman house. Mr. Bowers' farm is being tilled by John S. Moore and son Harry.

A normal school opened at this place today with eighteen pupils. The school will be under the supervision of Prof. S. M. Gehrett, principal of our schools during the past term.

Wednesday evening, April 8, at the home of the bride, the Rev. M. L. Witt had the pleasure of trying a matrimonial knot for Harry I. Baumgardner, of Ogletona, and Miss Martha E. F. Wright, of Pleasantville.

On the following day, at the U. B. parsonage, Rev. W. H. launched a ship on the matrimonial sea with the following passengers: Howard G. Adams, of Rye, and Miss Kate Blattenberger, of Shubertown.

Bloomfield Budget.  
BARKER'S SCOUTS, April 21.—The farmers are busy sowing their oats. Quite a big acreage of it is being sown.

The fruit crop promises to be a fairly good one, notwithstanding the freezing weather.

Harvey Long has bought the Kyler meat market at Hoping Spring, which is being kept by his brother William. Mr. Kyler and his two sons intend working at Altoona this summer.

We are informed that A. B. Pote, who left his house by five two weeks ago, has received an insurance for the loss and intends to rebuild. We have not yet learned what the Duval heirs will do relative to rebuilding their barn, which burned at the same time.

The schools of this township have all closed and, so far as we are able to learn, did good work. The graduation of Miss Frances Mock and Miss Florence Pote from the Bloomfield school, Miss Ethel from the Baker's Summit school, and Miss Annie Long of the Long school, speaks well for the teachers who prepared them for the very creditable work done.

The Bloomfield school, which was so efficiently taught by Miss Sadie L. Benett, of Artesans, on Friday closed with an entertainment consisting of speeches, recitations and singing in which the children pleased the numerous visitors present. We are informed that the Baker's Summit school also closed with an entertainment on Friday.

Point Pick-Ups.  
Point, April 21.—John Smith is suffering with a very sore foot at this time. Mr. Smith cut his foot badly some twenty odd years ago. The wound healed nicely and has never been any trouble to him since until this spring.

David E. Corle, of Sloan's Hollow, has torn the old log house away and is building a fine substantial new house in its place.

Robert B. Johnson is having the mason work done for a new log barn which will soon be ready to raise.

Thomas B. Nanamaker is serving as juror in Bedford this week.

Miss Carrie Blackburn finished her school term yesterday and, as usual, quite a number of scholars from other schools and some of her personal friends.

Miss Blackburn taught a good school and her many friends feel glad that she was successful in her first attempt and wish her great success in the future. The scholars of the school showed their appreciation of their teacher by making her a handsome present.

"Joe Coole's" Jottings.  
Five ate the apple but Adam swallowed the core.

Five ate the apple and their children got the core.

A man may love wisely and well; but shall not love too often.

A wise woman marries a good husband sometimes act on their husbands' lives in love—keeping them stirred up all the time.

Letter to S. S. Clear, Bedford, Pa.

Dear Sir: The cost of labor in painting a house is three times the cost of the paint. You seem to save a little when you buy a lower priced paint, but you certainly add to the cost of labor when you pay for spreading more gallons.

You don't even save on the paint. Dyeox Lead and Zinc costs a little more than mixed paints, but it takes fewer gallons, and the cost is not nearly less.

Wears longer too—longer than mixed paints, longer than lead and oil. You don't save a cent.

Mr. C. Loch, a painter in Magnolia, Miss., writes:

After years of experiments with mixed paints, I find that your paint covers more surface to the gallon than any I have ever used. For density and wearing qualities it cannot be excelled.

Compared with lead and oil: A house belonging to the late President of the Croton River Bank, at Brewster's, N. Y., (cost \$31,000) was painted with lead and oil in '84 at a cost of \$400.

In '87—three years—it was repainted with Devco at a cost of \$350. In '97 the house was still all right.

Results: lead and oil—cost \$400, wear three years; Devco—cost \$350 wear ten years.

Yours truly,  
F. W. Devco & Co.,
